

organization profile

ABOUT YCAB FOUNDATION

YCAB Foundation was established by **Veronica Colondam** on August 13th, 1999. YCAB is an Indonesian non-profit that focuses on **youth development** and aims to enable underprivileged youth to be independent through **education, entrepreneurship, and economic assistance**.

Over the years, YCAB (which stands for "Yayasan Cinta Anak Bangsa" in Indonesian or "Loving the Nation's Children Foundation") evolved from becoming a non-profit supported by donations to becoming a sustainable social enterprise. As of today, YCAB has included creation of and investment in innovative and sustainable social business such as education-linked micro-loans. In 2007, YCAB International Inc. was established in Atlanta, Georgia. By 2010, YCAB International Inc. was listed as a non-profit 501(c)(3); it is now headquartered in New York City. YCAB was granted UN-ECOSOC Special Consultative Status – among the very few in Asia – and has achieved ISO9001:2008 certification.

In recognition of our impact, in 2013 YCAB Foundation was ranked #74 in 100 Top NGOs in the world by the Global Journal based on three key criteria: **Impact, Innovation and Sustainability**.

OUR VISION

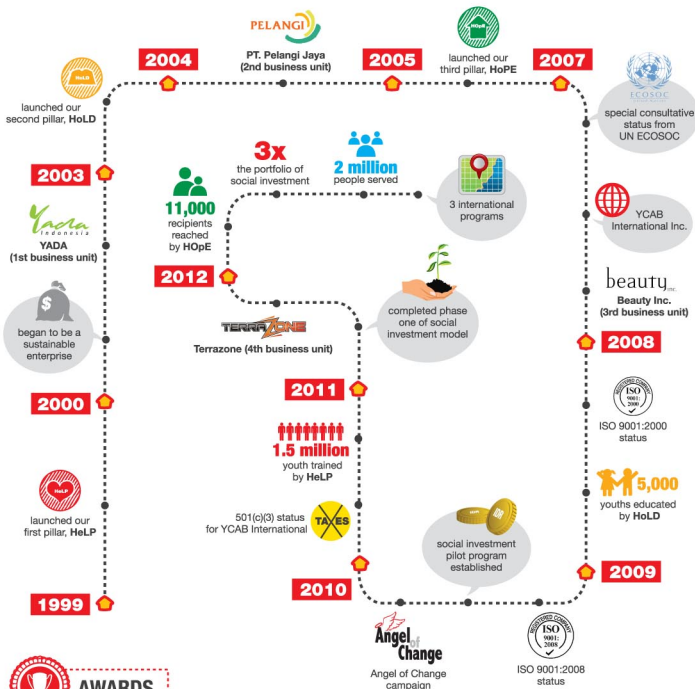

We believe that every child has an equal right to live his or her life to its fullest. We are here to love and to give each child **hope** and **opportunity**, which will enable them to be independent and to transform the world.

OUR MISSION

- To empower youths through holistic youth development programs where education and access to finances converge to enable true independence in a sustainable way.
- To become an inspiring and credible social enterprise that fosters partnerships with civil society, public and private sectors in a tri-sector collaboration.
- To implement an inclusive and innovative approach that brings clear results and measurable impact.

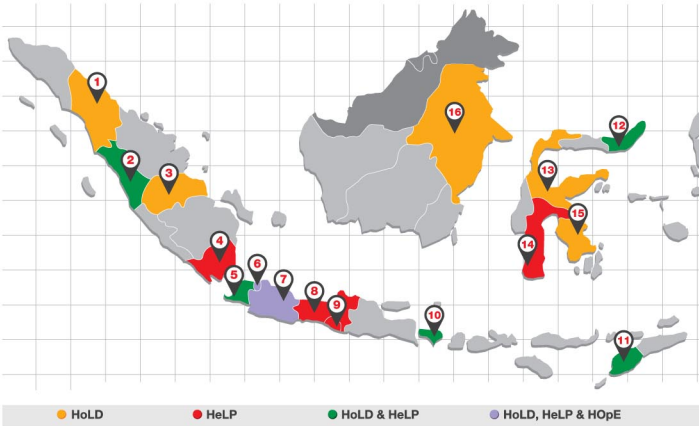

OUR MILESTONE

AWARDS

- 2001** UN-Vienna Civil Society Award.
- 2002** AUSAID Action Plan Award.
National Silver Award from the National Narcotic Board.
- 2003** Presidential Gold Award from Drug Abuse Prevention.
- 2004** Regional Coordinator of the Global Youth Network (GYN) for the South East Asia and Pacific.
- 2007** Special Consultative Status from UN Economic and Social Council.
- 2008** Global Social Innovator Award (Singapore).
- 2011** Ernst & Young Social Entrepreneur of the Year.
- 2012** Schwab Foundation 2012 Social Entrepreneurship Award, World Economic Forum.
- 2013** #74 at Top 100 NGOs by Global Journal

OUR FOOTPRINT

INTERNATIONAL FOOTPRINT

We have seeded programs internationally in :

1. Afghanistan

Women empowerment through skills to be able to take parts in activities in society that they were not able to take part in before.

2. Pakistan

Women empowerment by providing education and skills so that they can be self sufficient and can contribute not only within their families but in their community as well.

3. Myanmar

Work with volunteers to read books, lend books, give basic health check to the students and skill provision for youth to prepare them to be mobile repair technician.

* As of March 2013

INDONESIA FOOTPRINT

Operation covers across 37 cities in 16 provinces.

OUR PROGRAM

At YCAB Foundation, we focus on youth development through education and economic empowerment which is reflected in our three pillars. We believe youth development plays a pivotal role in transforming community and thus the nation. We aim to deliver a **holistic youth development package** where education and access to economy converge to **enable true independence in a sustainable way**.

Healthy Lifestyle Promotion (HeLP) : Focuses on addressing risky behaviour in youths through healthy lifestyle promotion.

Hands on Operation for Entrepreneurship/ Employment (HOPE) : Entrepreneurship and job creation programs including: microloan, seed capital, and vocational training.

House of Learning and Development (HoLD) : Rumah Belajar Learning Centers for school dropouts and underprivileged children.

Healthy Lifestyle Promotion

9,091

youths volunteered
as peer trainers

2,146,782

youths reached in total

* As of March 2013

In the 13 years since its inception, HeLP has touched 2,146,782 individuals across 11 provinces and 31 cities in over 7,148 schools.

Healthy Lifestyle Promotion (HeLP) focuses on **addressing risky behaviour**. Developed in 1999, the program has grown to incorporate life skill training, life counselling, training of trainers, peer-to-peer outreach (Ripple Program), and mass campaigns. HeLP has **three departments**, including Campaign Program, Do Something Indonesia, and Counselling.

Campaign Program

Do Something
Indonesia

Counselling

CAMPAIGN PROGRAM

We provide mass campaigns to schools & organizations about Healthy Lifestyle. Apart from this campaign, we also have **ripple program** where youths are also trained and sent out as **Peer Trainers** to train their peers to become Peer Educators for a **"ripple" effect**. These Peer Educators will in turn educate other youths on healthy lifestyle, anti-drug and HIV/AIDS prevention.

DO SOMETHING INDONESIA

Do Something Indonesia is an online platform where we encourage young people to stand up against an issue of their own choosing by forming clubs and doing campaigns (www.dosomethingindonesia.org).

COUNSELLING

In our Counselling department, we provide **counselling services** regarding various youth issues to organizations such as schools, churches, and governmental agencies, among others, which are given by our trained counsellors.

LIFE STORIES

Anjar Suni B, SMP N 201 Jakarta student

*"That was a good campaign!
My knowledge about HIV/AIDS and drugs
really increase. I will never want to touch
drugs! Let alone touch, even seeing them
I don't want to!"*

Olin Nainggolan, SMPN 207 student

*"Thanks to YCAB for telling us the students
of SMPN 207 SSN about the danger of
HIV/AIDS and drugs. Thank you very much!"*

English Literacy
(accredited by Binus University)

The first Rumah Belajar Learning Center was established in 2003 to provide education for the underprivileged children and street youths. Since then, we have educated 33,637 youths across Indonesia.

HoLD focuses on making education available to school dropouts and underprivileged children. HoLD provides **Basic Education, Digital Inclusion, and English Literacy** classes with certification from local university.

We offer affordable education at IDR 10,000/month (\pm US\$ 1/month) per student for all programs, aimed at low-income families in rural areas. HoLD has a **100% pass rate** for the national examination.

Ade Abdullah, RB Serua student

**LIFE
STORIES**

"I am now better in operating computer since studying in Rumah Belajar Learning Centre Serua. I can know a little bit more about the world in computers on which I know nothing before. I hope that these skills can equip me in the future. I express my gratitude to Rumah Belajar YCAB Foundation who has given me a lot of meaningful lessons for my life."

Muhklisin, RB Duri Kepa student

"In Rumah Belajar Learning Center there is a lot of facilities provided and can be used. One of them is learning English course. My reason to do this course is because I believe in this modern era, it is very important to learn English which has become an international language."

ECONOMIC EMPOWERMENT

HOPE's Economic Empowerment arm provides microloans to low-income women entrepreneurs through **YCAB Cooperative**. HOPE has given **45,534 loans**, helping more than 14,000 women entrepreneurs by giving microloans that in return impacted the lives of more than 100,000 people.

EMPLOYMENT

HOPE's Employment strives to help our Rumah Belajar (HoLD) graduates **to find employment after graduation** and providing seed capital for selected Rumah Belajar's Vocational Training graduates **to start small businesses**. Currently, we have **five vocational trainings**: Hair and Beauty, Motorcycle Mechanic, Hospitality (F&B), Electronic (Repair), and Sewing.

Sustainable Economic Development

Economic
Empowerment

Employment

Vocational Training

Job Placement

Starting in 2010, HOPE started to develop two distinct arms, which are Economic Empowerment and Employment.

LIFE STORIES

Dody, owner of "Doky Denim"

"YCAB Foundation has helped me and other children that dropped out of regular schools. Besides that, YCAB has given me an opportunity to realize my dream. I could be tailor, and now I have my own business. I wish YCAB will continue to provide opportunities for underprivileged children. Child By Child We Build Our Nation."

Irmayanti, owner of "Rumah Cantik Petamburan"

"I am very lucky to be the recipient of Rumah Cantik seed capital from YCAB Foundation. My house has now turned into a beauty salon and I no longer have to go to my clients' houses to provide haircut services. Thanks to YCAB Foundation, now I have a business with permanent location and good facilities. I am touched to be able to realize my dream. My earning will be used to provide education to my children."
